Liridona Myftari
Frontend Developer

+46 73 91 98 137   Gothenburg   Linkedin   Dona.1986@hotmail.com

PROFILE

Front-end developer with a strong sense for design and UX, along with a technical background in React, Firebase, and SQL. I am passionate about creating modern, user-friendly applications that enhance user experience and solve practical problems. With experience in both front-end and back-end development as well as UX design, I am able to contribute to the entire development process, delivering comprehensive solutions that are both functional and visually appealing.

SKILLS

Technical Skills: JavaScript | HTML & CSS | TypeScript | React | Firebase | SQL & SQLite | UX Design | Git & Version Control | Node.js | Wordpress| RESTful API Integration | Bootstrap | Vue | Gatsby

Professional Skills:

Communication & Collaboration | Problem-Solving & Analytical Thinking | Agile Methodologies | Planning & Time Optimization | Initiative | Presentation & Team Leadership | Customer Focus | Detail-Oriented

WORK EXPERIENCE

Frontend Developer – Systra
First Internship Period: Aug–Oct 2023 | Second Internship Period: Jan–May 2024

- **Project Management and Teamwork:**
  Served as the sole frontend developer during a company takeover, responsible for managing multiple projects and adapting within a changing team environment.
- **React Migration:**
  Developed React components (graphs, Gantt charts) to replace Tableau, enhancing data visualization and user experience.
- **Interactive Frontend Development:**
  Built the frontend for the Maintenance Optimizer application, which was nominated for Systra's Spark innovation program.
- **Technologies and Tools:**
  React | Material-UI | DHTMLX Gantt | Git | Azure DevOps | Python | Scrum | Figma | UX & UI | Git & Version Control | SQL & SQLite

Sales Assistant – Åhléns City, Gothenburg
November 2013 – Present

- **Customer Advisory and Service:**
  Provide high-quality customer service and guidance to ensure a positive and memorable shopping experience.
- **Listening and Understanding Customer Needs:**
  Identify customer needs through active listening, tailoring recommendations to meet their specific requirements.
- **Product Knowledge and Recommendations:**
  Leverage extensive product knowledge to offer well-informed and relevant recommendations that support customer purchasing decisions.
- **Sales and Goal Achievement:**
  Work diligently to achieve sales goals and promote customer satisfaction through effective service and follow-up.
